

Baker Animal Clinic

Our puppy wellness program is a way for you to save on your puppy's full set of vaccines and heartworm prevention. This package is the perfect way to start your new puppy's life! puppy vaccinations should be given at 9, 12, and 16 weeks.

A Puppy's first set of vaccines are a series of boosters to protect your puppy from harmful diseases.

There are a total of three wellness visits about 3-4 weeks apart to complete the program. If there are any additional tests, services or medications needed, there will be an

additional charge to you.

This plan is transferable to a new owner if ownership of puppy should terminate prior to completion of plan, but is non-refundable if new owner fails to utilize plan or in the event of pet's death.

Our Exam includes: *eyes, ears, teeth, glands, abdomen, heart, lungs, coat, skin, temperature, weight and behavior.*

Spay/Neuter your puppy by 7 months, and you will receive a **10% discount** on the surgery's total cost.
