

Baker Animal Clinic

Our kitten wellness package is a way for you to save money on a full set of vaccines and heartworm prevention.

This package is the perfect way for you to start your kitten's life! Kitten vaccinations should be given at 9, 12, and 16 weeks.

A Kittens' first set of vaccines are a series of boosters to protect your kitten from harmful diseases.

There are a total of three wellness

visits about 3-4 weeks apart to complete the program. If there are any additional tests, services or medications needed, there will be an additional charge to you.

This plan is transferable to a new owner if ownership of kitten should terminate prior to completion of plan, but is non-refundable if new owner fails to utilize plan or in the event of pet's death.

Our Exam includes: **eyes, ears, teeth, glands, abdomen, heart, lungs, coat, skin, temperature, weight and**

Spay/Neuter your female kitten by 7 months, and your male kitten by 9 months and you will receive a **10% discount** on the surgery's cost.
